

REMARKS

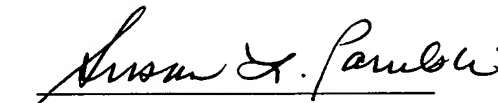

Applicants wish to thank the Examiner for the allowance of Claims 1-8, as noted in the Notice of Allowance dated May 25, 2004.

Applicants have noted several clerical errors in the Specification and drawings, and accordingly are filing this Rule 312 Amendment to correct these clerical errors. More particularly, the Specification is amended to identify the cross-reference identified in the paragraph starting on page 1 at line 2. Figures 1 and 2 are amended to correctly identify several elements and the relative orientation of the views. For the Examiner's convenience, attached is a marked-up copy of Figures 1 and 2 along with replacement copies of Figures 1 and 2.

A copy of the amended figures is being sent to the Official Draftsperson on even date under separate cover.

No new matter is added by the amendment to the Specification or the figures. Entry of this amendment will not require any searching or consideration of new issues, and will not require reopening prosecution. Thus, entry is respectfully requested.

Respectfully submitted,
